

# Design of Extrusion Forming Tools

Edited by  
Olga S. Carneiro  
and  
J. Miguel Nóbrega

 **SMITHERS**  
RAPRA

## **Table of Contents**

### ***Chapter 1. Main Issues in the Design of Extrusion Tools, pages 1-36***

Olga S. Carneiro and João Miguel Nóbrega, Department of Polymer Engineering, University of Minho, Campas de Azurem, Guimaraes, 4800-058, Portugal.

### ***Chapter 2. Properties of Polymers, pages 37-61***

Bruno Vergnes, Michel Vincent and Jean-Marc Haudin, Ecole de Mines de Paris, Centre de Mise en Forme de Materiaux, BP207, 06904, Sophia Antipolis Cedex, France.

### ***Chapter 3. Pipe Forming Tools, pages 63-111***

Bruno Vergnes, Michel Vincent and Jean-Marc Haudin, Ecole de Mines de Paris, Centre de Mise en Forme de Materiaux, BP207, 06904, Sophia Antipolis Cedex, France.

### ***Chapter 4. Flat Film and Sheet Dies, pages 113-140***

John Vlachopoulos, Department of Chemical Engineering, McMaster University, 1280 Main Street West, Hamilton, L8S 4L7, Canada.

Nickolas Polychronopoulos, Polydynamics, Inc., Dundas, Ontario, Canada.

J. Peter Müller, EDS GmbH, Garnisonstrasse 7, 4560 Kirchdorf, Austria.

Shin-Ichiro Tanifuji, Hyper Advanced Simulation Laboratory, Tokyo, Japan.

### ***Chapter 5. Blown Film Dies, pages 141-168***

John Vlachopoulos, Department of Chemical Engineering, McMaster University, 1280 Main Street West, Hamilton, L8S 4L7, Canada.

Rafael Castillo, Dual Spiral Systems Inc., 1760 Main Street West, Hamilton, Ontario, L8S 1H2.

Nickolas Polychronopoulos, Polydynamics, Inc., Dundas, Ontario, Canada.

Shin-Ichiro Tanifuji, Hyper Advanced Simulation Laboratory, Tokyo, Japan.

### ***Chapter 6. Profile Forming Tools, pages 169-219***

Olga S. Carneiro and João Miguel Nóbrega, Department of Polymer Engineering, University of Minho, Campas de Azurem, Guimaraes, 4800-058, Portugal.

### ***Chapter 7. Flexible Dies, pages 221-252***

Heinz Gross, Kunststoffe-Verfahrenstechnik, Ringstrasse 137, Rossdorf, D64380, Germany.

### ***Chapter 8. Rotating Mandrel Dies, pages 253-273***

José A. Covas, Department of Polymer Engineering, University of Minho, Campas de Azurem, Guimaraes, 4800-058, Portugal.
